Over 3 years of freelance development experience

on Upwork, Fiverr, and LinkedIn

SKILLS

Python, pandas, NumPy, matplotlib, Seaborn, Plotly, Dash, SQL, Excel, Jupyter, Git, Data Wrangling, EDA, Data Visualization, Dashboarding, Data Storytelling, Debugging, Professional Writing, React.js, JavaScript, Django, Flask, Matlab.

PROJECTS

1) Nizam Education Welfare (NEW)

Developed and maintained the Nizam Education Welfare (NEW) website, a platform dedicated to educational and welfare activities, using ReactJS frontend and appwrite as backend services. The website includes features such as:

- **Activity Updates:** Regular updates on events, projects, and community outreach efforts.
- **Team Profiles:** Detailed profiles of board members and active members.
- **Membership Options:** Various membership tiers to support and engage with the organization.
- **Resource Sharing:** A user-friendly portal for uploading and downloading university notes and study materials.
